

Creating Service Credentials

The screenshot shows the IBM Cloud console interface. The top navigation bar includes the IBM logo, a search bar, and links to Catalog and Manage. The left sidebar shows the 'Manage' section with 'Service credentials' selected. The main content area is titled 'Service credentials' and includes a description: 'You can generate a new set of credentials for cases where you want to manually connect an app or external consumer to an IBM Cloud service. [Learn more](#)'. Below this is a search bar and a 'New credential' button. A table lists the credentials, with one entry 'Service credentials-1' created on '2022-11-09 5:06 PM'. The details for this credential are displayed in a code block:

```
{
  "apikey": "GCexCbwA80a80JoI1hrICmYCaPTZ1EpLNjk-DZHhJ0s9",
